

Santa Cops

The Grapevine Police Santa Cops program delivers toys to economically and disadvantaged children in our community. Retired Grapevine Police Officer Margie Salame started the program in 1995, and it has grown every year. Last year Santa Cops provided Christmas gifts for over 1155 area children.

Senior Officers Jason Keller (left) and Tim Gill of Crime Prevention accept toys at the Grapevine Mills Mall toy drop.

The Santa Cops program is funded entirely through local donations. It is organized and implemented by Grapevine Police Officers, their families, Volunteers in Police Service, Police Explorers, and community volunteers. Toys were collected through November, but cash donations are still being accepted.

Staying GREEN in Grapevine

REDUCING FOG (Fats, Oil and Grease)

You can avoid expensive sewer back-ups, overflows, plumbing emergencies, rate increases to cover sewer maintenance/repairs and help protect the water quality by following these simple steps.

- Recycle or properly dispose of used cooking oil. To dispose, place the used cooking oil in a sealable container in the trash. To recycle large amounts of oil from frying a turkey or a catfish fry, contact a local recycler by looking in the yellow pages under "Greases" or "Rendering." If you have a lot of oil to dispose, use clay kitty litter and mix in the litter into the oil a little at a time. When all the oil has been absorbed, pour the kitty litter into a trash bag and seal the bag, then dispose of it in your regular trash.
- Compost food scraps or scrape them into the trash—not in the sink.
- Wipe pots, pans and dishes with dry paper towels before rinsing or washing them, then throw the paper towels away.
- Place a catch basket or screen over the sink drain when rinsing dishware or when peeling or trimming food to catch the small scraps that would otherwise be washed down the drain. Compost food scraps or throw them in the trash.
- Rinse dishes and pans with cold water before putting them in the dishwasher. Hot water melts the oil and grease and goes into the sewer pipes and later into the sewer. As the hot water cools, the FOG will clog the pipes.

Try to avoid:

- Using a garbage disposal or food grinder: Grinding food up before rinsing it down the drain does not remove FOG—it just makes the pieces smaller. Even non-greasy food scraps can plug your home's sewer lines. Avoid putting food of any kind down the drain.
- Pouring cooking oil, pan drippings, bacon grease, salad dressings or sauces down the sink, toilet or street gutters and storm drains.
- Using cloth towels or rags to scrape plates or to clean greasy or oily dishware. When you wash them, the grease will end up in the sewer.
- Running water over dishes, pans, fryers and griddles to wash oil and grease down the drain.

Library's 2007 Commemorative Ornament Honors Grapevine's First 100 Years of Being a City

On January 10, 1907 a petition was filed with Tarrant County Judge J. L. Terrell requesting an election be held for the purpose of determining if said Town of Grapevine should form an incorporation for municipal purposes. The election was held February 12, 1907 at Wall Brothers Store on the east side of Main Street.

Each voter was given a ticket on which he wrote "Corporation" or "No Corporation". The result was 53 for and 33 against, so the Town of Grapevine became incorporated.

An election was called April 2, 1907 and the following persons were elected to form an aldermanic form of government: Barton H. Starr, Mayor; aldermen were A. M. Dye, Joseph T. Lucas, Henry F. Saunders, Burns H. Yancy, J. E. Foust, and City Marshall William M. Bennett.

The 2007 special Friends of the Library Commemorative Ornament honors the first 100 years of Grapevine being a city. This special ornament is available at the Library Circulation Desk for only \$10. Ornaments from many of the previous years are also available. 🍇
